Melanie:

How much staff time was spent redacting records vs. assembling records Melanie? I shouldn't have to pay for your "senior staff's" time redacting records nor should I be paying for documents where all I would get is the equivalent of a blank sheet of paper due to heavy redaction or where the essence of the record is removed to the point that the record provides no real information.

Please provide to me a summary of how much content is removed and how many records are redundant with the records ANR has provided to me already.

Thank you.
